An escrow waiver is not available if the loan is considered HPML.

Most Recent Year Tax Return Requirements

When tax returns are required to document income, the most recent year’s tax return is required. The most recent tax return is defined as the last return scheduled to have been filed.

- Note: Underwriters reserve the right to ask for additional information or documentation.
- The most recent year tax returns must be signed by the borrower(s).

Two Years' Tax Returns required:

- Tax Transcripts for the previous year(s) as required per product must be obtained.
- The SUW must analyze all years for stability and continuance. Supporting documentation or explanation may be required if considerable changes exist.

- The most conservative income will generally be used to qualify the borrower(s), e.g. most recent year will be used regardless of tax transcripts when income is declining.

Exhibit 2 – Future Income Parameters

Acceptable Future Employment - **Requires non-contingent employment contract and verified through HR

For those borrowers that do not have any apparent education, training, or experience in the new field of work consider the following:

Large Corporations (500+ employees):	Government & Public Sector:
Amazon	Local/State/Federal Government Agencies
Bank of America	Public School Districts
Home Depot	Police Departments
Delta Airlines	Fire Departments
Microsoft	Public Universities
*List is not all inclusive	USPS
Medical Sector (with formal offer):	Tech/Professional Services (with strong track record):
Hospitals (e.g., Cleveland Clinic, Kaiser Permanente)	Google, IBM, or other large IT firms
Group practices with 10+ doctors	Large accounting or law firms (e.g., Deloitte, PwC)
Residency placements or fellowships with established hospitals	Healthcare IT companies with 500+ employees

Unacceptable Future Employers

Small Businesses, Local Shops, Independent Contractors:

Local restaurants or food trucks
Family-owned retail stores
Independent gyms or salons
Small contracting firms without formal onboarding
Startups with under 50 employees
1099-based platforms (Uber, DoorDash, Fiverr)
Any employer lacking formal HR infrastructure

Unusually high income for the position or market (e.g., a \$130K salary for a junior-level role in a rural area). Public tools like BLS, Glassdoor, and Salary.com can help benchmark typical salary ranges.

Unusual formatting or content on paystubs/W-2s, including irregular deductions or mismatches with 4506-C transcripts.

Other Considerations

In addition to considering the size and type of employer, emphasis must also be placed on the borrower’s work history. If they have a good two-year work history in the same or similar line of work, that can bear some weight when they are going to start a new position. Additional weight should be given to people who are in a specialized field of work and are staying in those fields. For example, Accountants and Environmental Engineers who have prior experience, training and education in these fields are less likely to take fake jobs but are likely to take new jobs at small firms. Extra consideration should be reviewed for lines of work that are known for frequent job changes. For example, traveling nurses, oil rig operators, and people in the film and television industries will often have numerous employers in the same line of work over a two-year work history. Future Income that involves a move to another state or income significantly increases will be reviewed by a Team Lead.

**All Guidelines for Employment Contracts must be met.
